

# PRODUCT DATA SHEET

## 7-CHANNELS

### DESCRIPTION

In case of leakage the control unit will signal the solenoid valve to close the main water supply. The control unit will emit a warning signal, and indicate where the leakage is located.

### APPLICATIONS

The 7-channels is intended for use in commercial buildings and apartment buildings.

### TECHNICAL SPECIFICATIONS

Mains voltage	230V AC 50 Hz
Power consumption (no alarm)	13,3 mA
Power consumption (upon alarm, incl. valve)	101,5 mA

MEASURES	H x W x D (mm)	Weight (g)
Control unit	80 (112) x 160 x 64	740
Valve 3/4"	120 x 92 x 56	1135

### CABLES

Length solenoid valve cable	1350 mm
Length power cable	1050 mm

### CONNECTIVITY

7 ports for sensor cables  
Leakage alarm ports: C-NC-NO

### PRODUCT VARIANTS

Complete with 1/2" valve	NRF no. 5648216
Complete with 3/4" valve	NRF no. 5648217
Control unit only	NRF no. 5648205

### ASSOCIATED PRODUCTS

Solenoid valve 1/2"	NRF no. 5640101
Solenoid valve 3/4"	NRF no. 5640201
Solenoid valve 1"	NRF no. 5640027
Split cable for 2 valves	NRF no. 5648236
