

# PRODUCT DATA SHEET

## QUICKSTOP

### DESCRIPTION

System for comfortably closing main water supply.

### APPLICATIONS

Intended for use in homes, holiday homes and commercial buildings.

### TECHNICAL SPECIFICATIONS

Main voltage	230V AC 50hz
Power consumption (no alarm)	6,3mA
Power consumption (on alarm incl. solenoid valve)	91mA
Power consumption door switch	23mA
Radiofrequency system communication	868,3 Mhz

MEASURES	HxWxD (mm)	Weight (g)
Adapter	120 x 59 x 31	300
Door switch	108 x 63 x 19	56
3/4" valve	120 x 92 x 56	1135 g

Length solenoid valve cable	1550 mm
-----------------------------	---------

**NRF NO:** 5648219

### CONNECTIVITY

- Connects with wireless sensors
- 1 port for sensor cable
- 230V port for external equipment, max. 10A / 2,3kW
